

Dear family, brothers and sisters in Christ,

Greetings from Calgary, Canada! Summer has finally arrived here! We are enjoying the sunshine and nice weather though it rains once a while which our lawns and gardens need. The flowers are blossoming, and we have harvested some of the vegetables which are so fresh and tasty. We can see God's creation with different seasons and the enjoyment of different kinds of vegetation!

In our April newsletter we mentioned the outreach of Living Stone Church to Takeo which is about a 3 hour's drive from Phnom Penh. The response is overwhelming; there were lots of hands to receive Jesus as their personal Saviour. During these 2 months our staff has discussed how to follow up with their faith. They have come up with different ways to do this. The biggest challenge is that there's no covered areas to gather them together if we can go there once a month. Praise God Udom's father, our part time staff has a land for us to build a tent or a simple building for meeting. In our June staff meeting they decided that they should start with visiting the people who came to the outreach program so that we can know their needs and their faith in Christ Jesus. Also, Miss Gao can go to see the place and people there since she was not able to go in April. She wants to see if it's possible to start a Chinese class there every week.

We are grateful for God's work in Living Stone church being the light in Phnom Penh and other parts of Cambodia. Also, thankful that you are supporting our mission in different ways. Please continue to pray and support our church.

These are the praise and prayer items:

- After the Sunday service on Mother's Day the members had a potluck and celebration to honour their mothers and fathers; some young people expressed their gratitude to their parents, and they asked for forgiveness with each other, and their relationship was restored.
- Two young men had an argument that turned into a fight. Praise God they now have reconciled.
- We prayed for Seng Hour's surgery to remove the cyst in his neck; praise God the surgery went well, and the cyst is benign.
- For the outreach program in Takeo - visitation, a covered area for meeting, possible Chinese classes.
- For the outreach to the neighborhood of our church. Miss Gao's Chinese class students told her they have friends gathering at a school nearby on Saturdays. She is planning to meet and befriend them. Maybe they will come to study Chinese with her at the school.

Thank you for your prayers and support for us. Send us any requests that we can pray for you.

In His name,  
Joseph and Liza Ng
